Plant Ecology

An international journal

Contents of Volume 137

Space-time distribution patterns of *Erica australis* L. subsp. *aragonensis* (Willk) after experimental burning, cutting, and ploughing
L. Calvo, R. Tarrega & E. de Luis 1–12

UV-B and PAR in a grass (Lolium perenne L.) canopy
G. Deckmyn & I. Impens 13–19

Regeneration strategies of tree species in the laurel forest of Tenerife (The Canary islands)
J. M. Fernández-Palacios & J. R. Arévalo 21–29

Species-area curves and estimates of total species richness in an old-field chronosequence
R. S. Inouye 31–40

Disturbance by the mound-building termite, *Trinervitermes trinervoides*, and vegetation patch dynamics in a semi-arid, southern African grassland
F. R. Smith & R. I. Yeaton 41–53

Characterization of vegetation in an Australian open forest community affected by cinnamon fungus (*Phytophthora cinnamomi*): implications for faunal habitat quality
G. R. Newell 55–70

Soil organic matter accumulation and its implications for nitrogen mineralization and plant species composition during succession in coastal dune slacks
F. Berendse, E. J. Lammerts & H. Olff 71–78

Habitat structure and vegetation relationships in central Argentina salt marsh landscapes
J. J. Cantero, R. Leon, J. M. Cisneros & A. Cantero 79–100

Cover and floristics of microphytic soil crusts in relation to indices of landscape health
D. J. Eldridge & T. B. Koen 101–114

Effects of experimental fire regimes on the population dynamics of *Schwalbea americana* L.
L. K. Kirkman, M. B. Drew & D. Edwards 115–137

Latitudinal variation in the fruiting phenology of a bird-dispersed plant (*Crataegus monogyna*) in Western Europe
Pablo Guitián 139–142

Timing and spatial patterning of seed dispersal and redistribution in a South American warm desert
Luis Marone, Bertilde E. Rossi & Manuel E. Horno 143–150

A phytosociological survey of the boreal forest (*Vaccinio-Piceetea*) in North America
M. Peinado, J. L. Aguirre & M. de la Cruz 151–202

Effects of nutrient supply, light availability and herbivory on the growth of heather and three competing grass species
I. Alonso & S. E. Hartley 203–212

Tiller dynamics of *Spartina maritima* in successional and non-successional mediterranean salt marsh
E. M. Castellanos, C. Heredia, M. E. Figueroa & A. J. Davy 213–225

Identifying spatial patterns in the tropical rain forest structure using hemispherical photographs
Valérie Trichon, Jean-Michel N. Walter & Yves Laumonier 227–244

Instructions to authors 245–248
Contents volume 137 / List of contributors 249–250
